LOVE GROWN
DIAMONDS

Find your ring size

UK · US · EU · WORLDWIDE

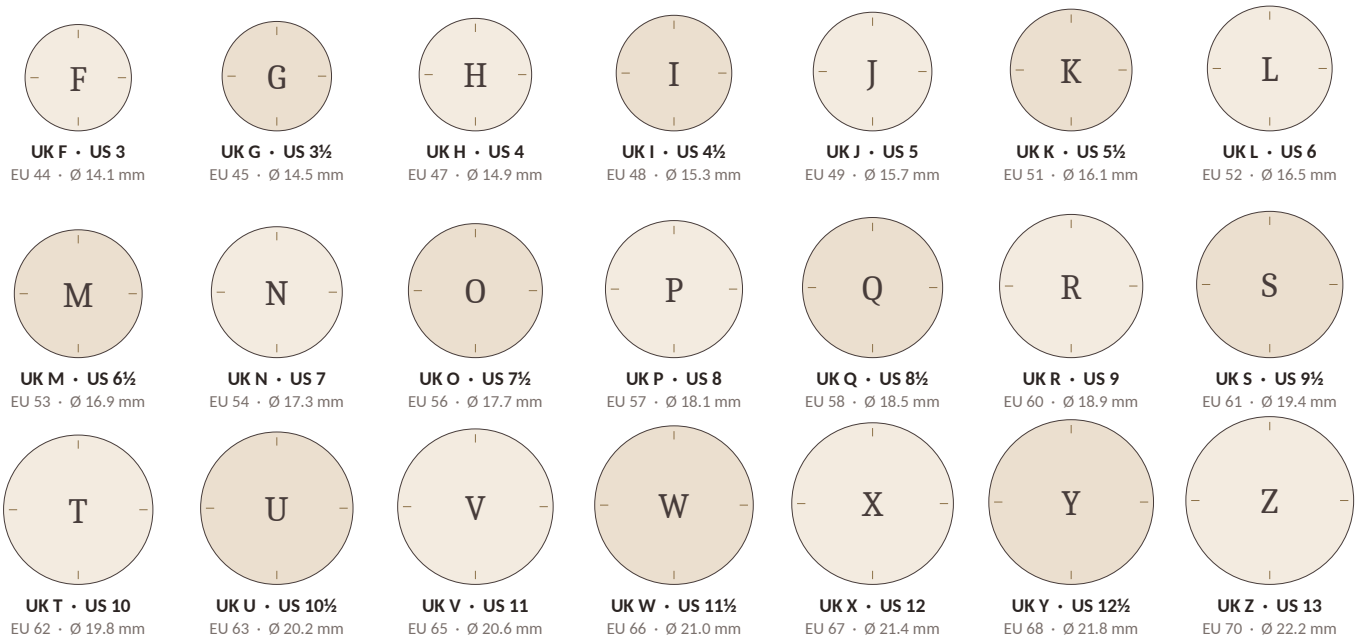

BEFORE YOU START

Print on A4 or US Letter at 100% / "Actual size" — turn "Fit to page" off.
Check with a ruler: the scale on the right must measure exactly 80 mm.

01 MATCH A RING YOU ALREADY OWN

Place a ring that fits onto the discs. Your size is the disc whose edge meets the inside edge of the band exactly.

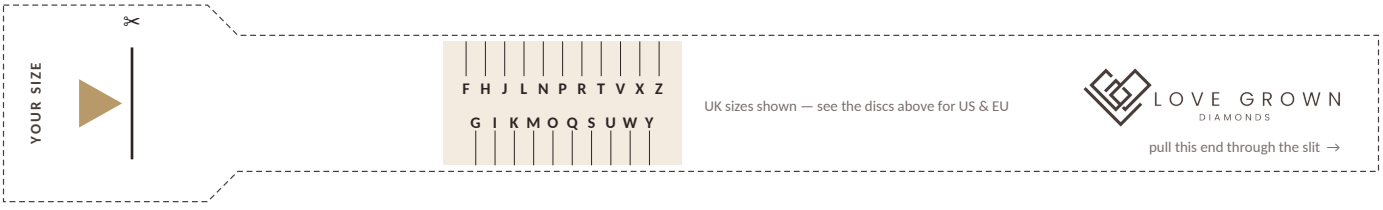

UK F · US 3 EU 44 · Ø 14.1 mm	**UK G · US 3½** EU 45 · Ø 14.5 mm	**UK H · US 4** EU 47 · Ø 14.9 mm	**UK I · US 4½** EU 48 · Ø 15.3 mm	**UK J · US 5** EU 49 · Ø 15.7 mm	**UK K · US 5½** EU 51 · Ø 16.1 mm	**UK L · US 6** EU 52 · Ø 16.5 mm

02 MEASURE YOUR FINGER

No ring to hand? Use the paper sizer:

1. Cut out the strip on the dashed line and cut along the short black slit.
2. Wrap it around the base of your finger, printed side out, and feed the long end through the slit.
3. Pull it snug — it should still slide over your knuckle — and read your size at the arrow.

FOR THE PERFECT FIT

- **Measure at the end of the day.** Fingers are smaller in the morning and when cold.
- **Mind the knuckle.** The ring has to pass over it — if your knuckle is wider, size for the knuckle.
- **Between two sizes?** Choose the larger one.
- **Wide band?** Bands over 4 mm sit tighter, so go up half a size.
- **Still unsure?** Free resizing is included under our lifetime warranty.
